

## **MONTE CARLO CHALLENGE REUNION TOUR**

A Tour is being organised through the Yorkshire Dales on Saturday the 25<sup>th</sup> January 2020 following the Monte Carlo Challenge reunion buffet the previous evening at Bowcliffe Hall. The tour takes in not only the cream of road rallying routes of the 60s and 70s but also some iconic Yorkshire dales scenes from the TV shows *All Creatures Great and Small*, *Emmerdale* and others.

### **START AND FINISH**

The 8:01 am start will be from the car park at the Mercure Hotel at Wetherby where we have negotiated a concession of £69 per night bed and breakfast for a double room. Breakfast is served from 6:30 am giving everyone plenty of time. Cars will leave in numerical order at one minute intervals starting with car one at 8:01 am and will return to the Mercure at approx. 5 pm for the finish in any order!

### **ELIGIBILITY**

Entries are open to anyone attending the Monte Carlo Challenge Reunion in any type of vehicle but period cars will be eligible for more awards.

### **THE ROUTE**

The route is approx. 190 miles in length and split into four sections with stops for morning coffee, lunch and afternoon tea.

We will provide a marked up map of the route so no navigational skills are required other than having the map the right way up. These will be given out on Friday evening and at breakfast on Saturday. We will also provide an information sheet about points of interest. There will be opportunity to cut some mileage out if you get lost or late.

### **AWARDS**

Awards will be presented at an informal hot buffet along with some nostalgic film footage of Monte events on the Saturday evening at the Mercure Hotel from approx. 8 pm. All finishers will receive a souvenir finishers award. There will be awards for oldest crew and car, youngest crew, farthest travelled to the event, spirit of the event and wooden spoon.

### **CONDUCT**

Please note there is no timing on this event, we would however hope for you to finish on the same day as you start!

You will find the roads challenging enough without having to speed. We have tried to pick roads where line of sight is good and stay away from single track roads with high walls so no backing up is required. Please drive within your limits and follow the Highway Code.

**Have a great day out. Regards – John Midgley for the organising team.**
